# DRUCKERPATRONEN Recycling

## Druckerleergut sammeln & wichtige Rohstoffe retten

Mit unseren **Umweltboxen**, die du an über **1.200 Sammelstellen** in Österreich & Deutschland findest, entsorgst du dein Druckerleergut **umweltgerecht** & trägst gleichzeitig zum **Umweltschutz** bei.

## Wiederaufbereitung made in Europe

Das gesammelte Druckerleergut kann bis zu **4 x wiederbefüllt** werden. Dies geschieht in unserem Werk **in Europa** unter strengsten Qualitätskontrollen.

## Druckmittel Shop - alles rund ums Drucken

In unserem Onlineshop findet ihr die wiederaufbereiteten Druckerpatronen unter der Marke **"Call me new"** und **originale Druckerpatronen & Toner** aller gängigen Hersteller sowie eine Vielzahl an saisonaler **Aktionsware**.

Dear participants!

It's that time again. The cycling season is just around the corner and the ultra season is screaming to be conquered. We would like to approach this edition with a little numbers game.

six

Because: For the 6th time, you have to cycle 600 kilometers with 6000 breath-taking meters of altitude around the diverse landscape of Lower Austria

five

The first small anniversary is behind us and we humbly look back on what has been achieved and the great achievements of all participants

four

In 2024 there will be a premiere with the unsupported category (two-person teams) alongside the solo, two-person and three-person team supported

three

For the third time we have the honor of hosting an Austrian championship. As in 2020, the fastest ultra cyclists in the solo category will be awarded this year

two

What remains unchanged is that you will experience an adventure with your team over two days,

which will bind you together for the rest of your life. Promised!

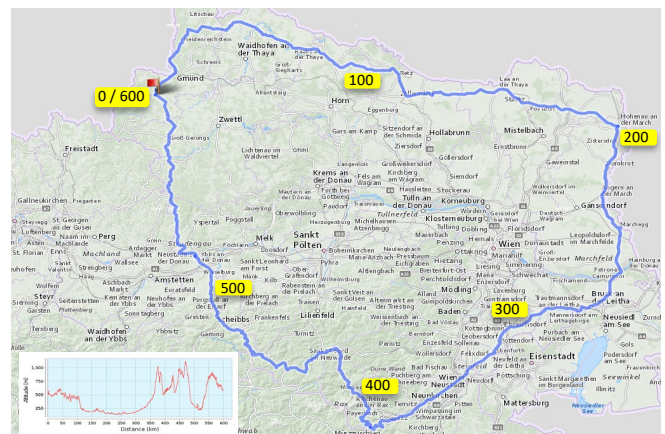

one

There can only be one RAN Arena. The historic old town of Weitra will be transformed into a unique setting for a weekend, where you can start your big challenge and be welcomed again

So it will be unique again - as will the 24-hour live stream in which you will be the focus again. Be it at the start, at our new hotspot in St. Aegydt am Neuwalde or back (healthy) in Weitra.

We can hardly wait!

**Christian & Georg**

***THE PAIN GOES AWAY, THE PRIDE REMAINS!***

I am very pleased that the sixth edition of the “Race Around Lower Austria” is taking place this year. The 24-hour cycling race has established itself as a very special adventure in the domestic sports calendar and is even one of the world's largest ultra-distance races.

This year too, individual starters, teams of 2 and 3 are taking on this incredible challenge and tackling the 600km long route with a breath-taking 6,000 meters of altitude from Weitra around the diverse landscape of Lower Austria. A special highlight after 2020 will once again be the Austrian Ultra Championships in the solo category as part of the race

carried out. I am truly impressed by everyone who takes part in this adventure race to test their limits and experience something unique. Our beautiful state offers the perfect backdrop for this. All fans who cannot make it to the start and finish location in Weitra will again have the opportunity to follow the endurance cycling spectacle via a live stream. The entire “Race Around Lower Austria” will be broadcast live.

I wish the field of participants much success, an injury-free race and of course a lot of fun! I would like to thank the Race Around Lower Austria Cycling Association for their excellent organization. I would also like to acknowledge the volunteers and the commitment of the sponsors, without whom the event would not have been possible. With this in mind, I wish you a smooth process and happy cycling!

Udo Landbauer  
Vice Governor

Dear race participants, dear cycling fans!

As mayor of the municipality of Weitra, I am particularly pleased to welcome you! Our Weitra and especially the historic old town offer a special ambience and are known for numerous impressive events.

With the “Race Around Lower Austria 2024” we are hosting a very extraordinary cycling event for the sixth time. What is extraordinary and impressive is not only the 600 kilometers and 6,000 meters of altitude that you will complete within 24 hours, but above all the high level of motivation and ambition that is necessary for the months of training and organization of such an adventure. I wish you all the best for the race, lots of fun and, above all, an accident-free journey.

I would like to thank the “Race Around Lower Austria” team for the exemplary organization of this cycling event in Weitra, but also because you chose the beautiful backdrop of our old town as the start and finish location again this year. We are pleased that we can support you with this project.

Patrick Layr  
Mayor Weitra

# WICHTIGE HINWEISE

## We ask you to adhere to the following rules of the race:

If another participant needs help, please offer them your support – with each other rather than against each other

In the event of a medical EMERGENCY, please call 144 and our service number +43 677 633 92 979

If you end the RAN voluntarily or do not reach the waiting period at one of the 2 checkpoints, please call the service telephone (+43 677 633 92 979) immediately and log out. The GPS tracker must be returned to the finish line by 10 a.m. on Sunday

You drive at your own risk. Please pay attention and **MUST** obey the traffic regulations because the roads are not closed for this race. Violations will result in disqualification

We are guests of the beautiful state of Lower Austria and the public roads - so please do not litter any rubbish along the route
